MODEL

Employer-funded
No worker-paid fee
Direct employer contracts

VOYNOVA GLOBAL SOLUTIONS PVT. LTD. · INDIA · VOYNOVAGLOBAL.COM

01 — WHO WE ARE

A direct, compliance-first workforce partner

Voynova Global Solutions Pvt. Ltd. is an India-based international recruitment and workforce mobilisation company. We work with the employer directly — there is no sub-agent chain between your vacancy and the worker — and we carry the full file: sourcing, screening and trade testing, documentation, work-permit and visa paperwork, travel, arrival and onboarding support.

We operate only in corridors where the work-permit route is short and transparent. Every timeline in this document is indicative and remains subject to approval by the competent authority of the destination country.

02 — CORRIDORS

Where we source and where we deploy

Source countries	India · Nepal · Bangladesh
Destination markets	Latvia · Estonia · Serbia · Cyprus · North Macedonia · Montenegro
Permit route	Employer-sponsored work permit / single permit, filed by us with your documentation support
Also available	Learn & Earn college route in Europe — students study and work part-time during the course

03 — TRADES

What we mobilise

Construction	Masons, shuttering and finish carpenters, steel fixers, helpers
Metal & fabrication	MIG / TIG / arc welders, fitters, fabricators, CNC operators
Hospitality	Kitchen staff, commis chefs, stewards, housekeeping, waiters
Logistics & warehouse	Warehouse operatives, pickers, packers, forklift operators
Transport	LMV / HMTV drivers, subject to local licence conversion rules
Food processing	Production operators, packaging and machine operators

Other trades are sourced on request against a written requirement.

04 — PROCESS

How a requirement becomes a worker on site

01 Requirement	You share trade, headcount, salary band, working hours, overtime and the accommodation arrangement.
02 Shortlist	We source from our own database and partner agencies and send CVs with photos, documents and trade evidence.
03 Selection	Video interview or trade test with your supervisor. Recorded skill videos can be shared in advance.

04	Documentation	Employment contract, employer declaration and the permit file, checked against the destination checklist.
05	Permit filing	We file the work-permit application and follow it up. You sign only what the authority requires from the employer.
06	Visa & medical	Embassy appointment, medical, police clearance and insurance are arranged from our side.
07	Travel & arrival	Flights, pre-departure briefing, airport pickup coordination and first-week onboarding support.
08	After joining	Structured follow-up in the first months, under a written replacement policy agreed before mobilisation.

05 – COMPLIANCE**Ethical recruitment, written into every file**

- No worker-paid placement fee. The model is employer-funded; candidates are not charged for the job.
- Documents are verified before a file is opened — passport, experience, trade certificates, medical and police clearance.
- Source-country emigration and licensing rules are respected in every file.
- Personal data is handled on a need-to-know basis; identity documents go only to the employer and the authority.
- We do not promise visas, permits or employment outcomes — those are decided by you and by the competent authority.

06 – WHAT WE ASK**From your side**

- A written requirement: trade, headcount, salary, hours, overtime and accommodation.
- The employer documents the destination authority requires for the permit file.
- Interview or trade-test slots for the shortlist, and a selection decision in writing.
- Agreement of the commercial terms before any candidate file is opened.

07 – COMMERCIALS**Transparent, written before we start**

This is a paid, service-charge based partnership. The charge is quoted per trade and per destination in writing, together with payment milestones and the replacement policy, before any candidate file is opened. We do not charge the worker and we do not work on a no-charge basis.

NEXT STEP

Let us start with a 15-minute call.

Share your trade, headcount and start date. After that call we send a written proposal with trade-wise commercial terms, the document checklist and an indicative mobilisation plan for your destination country.
